

Sensible government with an emphasis on freedom, individual responsibility, and justice for the vulnerable.

Elect **Ryan Kidd**

Dear Neighbours,

Many voters are disillusioned with politics and I share that sentiment. However, I'm convinced the response of concerned citizens must be to get involved personally. That's why I'm standing up for what I believe in this election.

With your support, I hope to raise some basic issues of fiscal and moral integrity which few career politicians care to touch.

Here's what I stand for:

- defending the definition of **marriage** as the union of one man and one woman
- protecting the vulnerable from conception to natural death - **abortion** kills a human person and is not a choice tax-payers should support

- **zero deficit** legislation to curb irresponsible government spending
- **healthcare** reform - incentives to be healthy while defunding elective/harmful procedures
